

Art with Ms. Jena

MINI MASTERPIECES: This class, held Thursdays from 11:45 - 12:45 in the butterfly room, offers an introduction to the color wheel, the primary colors and their compliments, the basic forms from which all art can be composed, textures, and patterns. We will cover all of these topics in a comfortable setting which will include songs and stories along with the exploration of a variety of media. Open to **8** primary students, this class costs \$225, which includes a \$15 supply fee. Classes begin January 5th and will conclude May 31st.

MONART: Monart is a systematic style of teaching children how to draw based on the work of Mona Brookes. In this class, we will study objects from nature and discern how to draw them using the basic shapes. Each individual child's interests will be addressed to help maximize their commitment and various media will be explored. Open to **12** students in Kindergarten through 3rd grade. This class, beginning Wednesday, January 4th and ending May 30th, will be held from 3:15 - 4:15 pm in the butterfly room. The cost is \$225 which includes a \$15 supply fee.

ART HISTORY: The students in this level will be introduced to a variety of historically significant artists ranging from Mondrian to Magritte. After a brief discussion on the artist's life, each child will then reproduce one of the featured artist's works. Each piece will be retained and assembled into a book that your student will bring home at the conclusion of the semester. The works will be reminiscent of the original and done in an appropriate medium. Vocabulary will be introduced and discussed during the studio sessions. This class is open to all students in third grade through middle school. The **\$250** cost of the class includes a \$25 supply fee. This class will be held Fridays from 3:15 - 4:15 pm in the butterfly room beginning January 6th and concluding May 25th.

With five years of teaching art in a Montessori setting, I am pleased to have the opportunity to work your children in our new school home here at Montessori World. Each class is designed to teach the children a specific set of artistic skills while empowering them to feel successful in their endeavors, and foster a love of art. If you have any questions, please e-mail JenaTokarz@yahoo.com or call **678-548-1194** for more information.
